EXPERIENCE

- **Intuit, Inc.** Mountain View, CA January 2018 – June 2018
Android and Java Developer Co-op
 - o Built and maintained custom Android modules for processing payments with a card reader attachment
 - o Designed custom notification routing that provided deep linking into various layers of the application
 - o Worked on an AR model recognition tool that allowed new users to view tooltips about their card readers
- **Titus Design, LLC.** Cedar Knolls, NJ August 2015 – Present
Co-Founder, Lead Developer
 - o Responsible for migrating customer data and information to WordPress CMS and hosting offsite solutions.
 - o Designing and developing custom business websites and WordPress plugins written in PHP and HTML.
- **Weiss-Aug, Inc.** East Hanover, NJ July 2017 – September 2017
Graphic and Web Design Intern
 - o Handled website design and development for Weiss-Aug Group and subsidiaries (JK Tool, The Diemasters, Weiss-Aug) building custom SquareSpace themes and extensions.
 - o Developed custom localization tooling and file editor in Vue.js that parses JSON files and modifies DOM text of any website to the custom translations.

PROJECTS

- **Modern MyNEU** Boston, MA February 2017
Web Design and Development (Personal)
 - o Developed a Chrome extension as an introduction to vanilla **JavaScript** and **CSS** for Northeastern faculty and students. Completely redesigned Northeastern's MyNEU portal for a much cleaner, modern look.
- **Calculated.gg** Boston, MA In Progress
Full Stack Web Design and Development (Personal)
 - o Designed **Redux** caching system that prevents duplicate API requests to the backend service.
 - o Developing a 3D replay viewer using **ThreeJS** which shows real-time play-by-play actions of recorded Rocket League games.
- **Invenpro** Boston, MA In Progress
Inventory Management Software (Personal)
 - o Designing the full stack for cross-platform software/mobile application using **React/React Native** and **Firebase Realtime Database** that allows users to keep track of food and other household items.
 - o Inventory system allows users to split finances based on item usage; no longer will one roommate pay more than their fair share for groceries and toiletries.
